**BPROUD Green - 100% RENEWABLE OPTION**

Customers electing the 100% renewable service option will pay the applicable rate for the default energy plus the 100% renewable premium charge:

ENERGY CHARGE (\$/MONTH)	Residential	\$2.00
--------------------------	-------------	--------

**BPROUD Personal Choice NEM - NET ENERGY METERING OPTION**

With the BPROUD Personal Choice Program, you'll receive an energy credit for the power your system provides to the grid. At the close of each month, we'll tally the amount of grid energy you've consumed and contributed. If what you've contributed is more than what you've consumed, we'll issue a credit. If you've used more than you've contributed, you'll be debited. At the end of the annual relevant period, the kilowatts generated and used are evaluated, and if your energy production exceeds your energy consumption, a rebate is issued based on \$.06 per kWh.
